Conditions:

This contract covers each purchase of a Frozen Semen breeding for 3 breeding doses of Frozen Semen for a stallion. Each dose will contain the correct amount of straws required for each breeding dose. This amount is determined in Holland after each collection. The number of straws required is provided to you when your Frozen Semen is shipped to you.

The frozen semen has been tested in Holland and is EVA negative.

The Buyer should insure that the Stallion is available with Majestic Gaits or give at least 1 months notice of the stallion that they would like to purchase, so that the Frozen Semen can be imported. The Buyer should identify to Majestic Gaits as early as possible, which Stallion that they are considering so Majestic Gaits can try to make those Stallions Frozen Semen is in stock at Majestic Gaits.

The Frozen Semen will be shipped in a Liquid Nitrogen "Dry Shipper" at the Buyers shipping expense. The use of the Dry Shipper is free. The shipment should be planned at a minimum of 2 weeks prior to when you plan to breed your mare, so that a Dry Shipper can be made available and charged with liquid nitrogen. The Frozen Semen will be shipped as soon as you have decided on a stallion, purchased the Frozen Semen and a Dry Shipper is available. You should not wait to ship the semen, as a Dry Shipper may not be available. The earlier you request the shipment of the Frozen Semen, the less chance there will be a problem making a Dry Shipper available. Customers may provide their own Dry Shipper.

No Frozen Semen will be shipped until all fees are paid. This includes the Frozen Semen stud fee, the Import fee and shipping fee. If you would like to use a Credit Card or Paypal (which uses credit cards) there is a \$15 fee/dose to cover our credit card expenses.

You will need to arrange for liquid nitrogen storage for your semen when it arrives. If you do not have a Liquid Nitrogen Storage Tank of your own, often your vet will have one or know of one. You should ask if they charge you for storage of the semen. You must transfer the semen immediately from the Dry Shipper into a Liquid Nitrogen Storage Tank and return the dry shipper back to Majestic Gaits per the instructions provided with the Dry Shipper. We need the Dry Shipper returned promptly. \$25/day will be charged for Dry Shippers that have not arrived at Majestic Gaits within 7 days of shipping. Failure to transfer the semen within 24 hours of receipt will void this contract and may have jeopardized the integrity and quality of the frozen semen. Majestic Gaits is not responsible for the frozen semen once it has been shipped. Insurance is required on each shipment for the container and the frozen semen with Federal Express. Once the semen arrives, it should be checked promptly. The tank should be frosty when opening it. A report of damaged shipment must be filed by the Buyer within 24 hours or insurance is not valid. It is the responsibility of the Buyer to file this report.

Majestic Gaits will call the person who will be receiving the semen to insure a Liquid Nitrogen storage facility is available and ready for the Frozen Semen and that someone will be there to receive the Frozen Semen when it arrives. The shipment will be insured with Federal Express for the price of the Frozen Semen Stud Fee and the container. The shipment is sealed with a plastic tie wrap. The Buyer should insure that this tie wrap has not been broken and that the Dry Shipper is frosty when first opened to transfer the Frozen Semen. The Frozen Semen should not be held out of the tank for more than 8 seconds or the Frozen Semen could be damaged. If the shipment did not arrive sealed and cold, a claim should be made by the Buyer to Federal Express promptly. Majestic Gaits is not responsible for Frozen Semen that has been mishandled.

You will receive 3 breeding doses of each Stallion Frozen Semen purchased. All 3 breeding doses are shipped in 1 shipment. This frozen semen is yours to use as you like. If you get your mare pregnant with 1 breeding dose, you can use the 2 breeding doses on another mare. You can sell or share it with someone else. Majestic Gaits does appreciate hearing about how it worked for you and how the foals turned out. Please DO NOT use all 3 breeding doses for 1 insemination. That will void this contract.

We recommend that you breed the frozen semen within 4-6 hours post ovulation. The closer you get to ovulation, the better your chance is to getting your mare in foal. Post ovulation ensures that you do not have to use more than 1 dose per heat cycle. Majestic Gaits suggest that your veterinarian do a breeding soundness exam on your mare before you
